The buzz is a weekly newsletter for all students at the institute

02/03/20

## Careers

Reminder to students who are eligible for NUI and TCD exemptions from languages to link their 2020 CAO number with their exemptions.

Reminder to students that TUD City Portfolio submission dates are Tuesday 3rd March and Wednesday 4th March. Students can drop their portfolios in to North House on the Grangegorman Campus any time between 9.30 - 12.30 and 1.30 - 3.30 either day.

DARE/HEAR supporting documentation must arrive in CAO by Sunday 15th March at 5.15 pm.

Starting during the weekend, Engineers Week is one week of information days ending on March 6th. Nationwide. Contact [steps@engineersireland.ie](mailto:steps@engineersireland.ie)

## Health & Wellbeing

You will notice that there has been an increase in the number of hand sanitizers around the school.

We also place lots of information on the notice boards about how best to prevent the spread of illness.

In order to help ensure a healthy environment for everyone it is asked that you familiarize yourself with this information and use the hand sanitizers when relevant.

If you have any health concerns, you can talk to someone in the office.

## Badminton

Badminton launched after Christmas and has been a huge success. Every week lots of students arrive to take part and we love that so many people are passionate about taking part.

Due to the limited availability of courts we need to limit the numbers each week to 22.

Starting this week, a sign-up sheet will be available every Monday from 8.30 in the 1st Floor office. You are asked to put your name down to secure a place. If you do sign up, please ensure you attend as anyone who reserves a place but fails to show ( without a good excuse) will be forbidden from attending for two weeks.

This measure is to guarantee the safest and most enjoyable experience for those who attend.

## Winters Bone

There will be a screening of Debra Granik's "Winter's Bone" on Monday, March 2nd . The screening will be in HG-1 at 3.30.

"Winter's Bone" is a comparative text for English (Higher and Ordinary), so if it has been part of your course make sure come along.

The subtleties of Granik's storytelling style reward repeat reviewing.

## Extra-Curricular

Please make sure you check the notice boards for updated details on all the school's extra-curricular activities. There have been some minor changes to the details given at the start of the year so make sure to check the posters for the most up-to-date times and locations.

Well done to all those who took part in the Wesley College Model United Nations (WCDMUN) and the Irish School's Bridge Competition over the weekend.

It is great to see people really engaging with and taking part in the various activities with the school. There will be more information on the events on the school blog and the yearbook at the year's end.
